

# ALWAYS. FURTHER. COME ALONG WITH ME.

PRODUCT CATALOGUE 2017/18

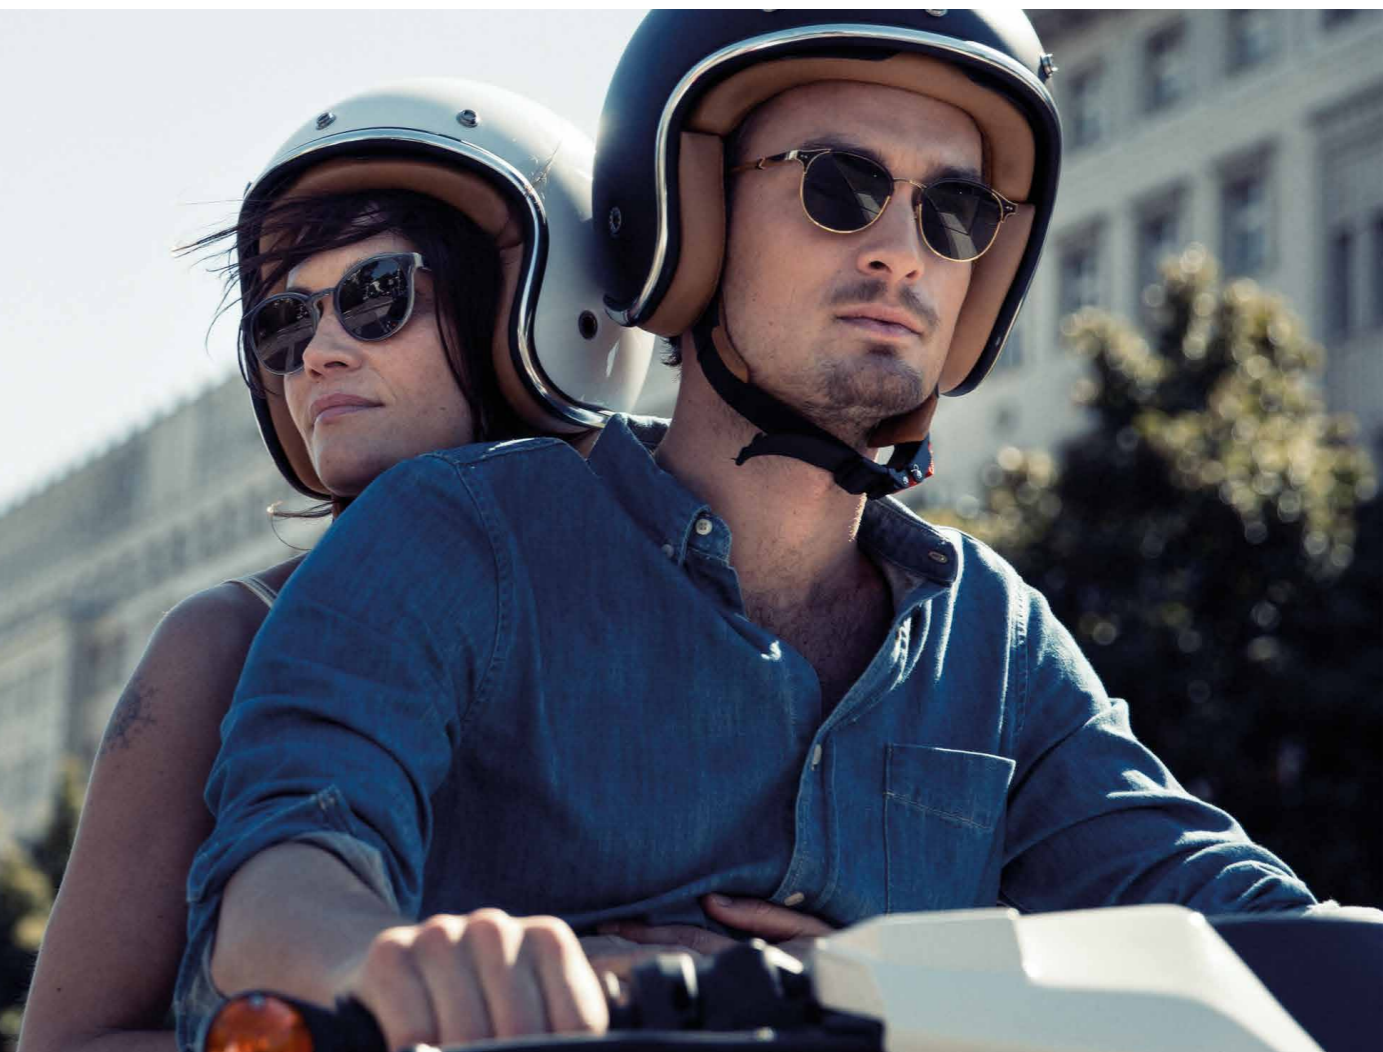

*Schwalbe*

MO > E ON

## CRUISING. AND GOING.

Good classic is always young. The Schwalbe is the proof on two wheels. With its distinctive design and electric drive, it rings of a new era - the contemporary style of urban mobility. Or short: Move on.

Modern, yet retro. Light, yet powerful. For all riders, who not only cruise dynamically but also comfortably open up the throttle. Get up and fly with your Schwalbe!

## CONFIGURE YOUR OWN SCHWALBE.

Design the Schwalbe as you want it. Choose the colour, seat design and stand - however you like. One or two batteries, ABS or CBS braking system. And from now on you can even choose the top speed: 45 km/h or 90 km/h.

# UNDER THE CLOUDS. UNLIMITED FREEDOM.

## MOBILE SERVICE. WE ARE COMING!

You don't come to us. We'll come to you. This is a service of a special kind! And we are always there for you even on telephone. If there is a problem, we will solve it up to 90% at the help-desk. Just call us: 0800-myschwalbe

**NEW MODEL**  
OUT SUMMER 2018

The Schwalbe makes you smile. Not only because she looks incredibly good and makes you look amazing on her. She also sweeps you away with her outstanding performance.

## HEARTBEATS RACE HERE. UP TO 90 KM/H.

And now, beyond the L1e scooter with 45 km/h top speed, we introduce the new member of the Schwalbe family: **THE L3E - A LIGHT MOTORCYCLE WITH A LEGENDARY 90 KM/H PEAK.** You snap everyone with that speed.

Chugging, clacking, stinking? That's out of date. The new Schwalbe purrs. Running stability, dynamics and an extraordinary sense of driving – welcome to the Champions League of electric mobility.

## THE TRICK: PREMIUM TECHNOLOGY

### HI, SPEED!

The new Schwalbe rocks. Imposing acceleration and up to 90 km/h fast.

### LONG RUN

Takes electricity and runs up to 125 km. Thanks to the latest lithium-ion batteries from Bosch.

### DRIVE MODE

Cool manoeuvring aid and three driving modes: From economical to extra-dynamic.

### ABS. STOP.

Front disc brake. Stop. And in the rear: Stop. If desired with Bosch ABS. Top!

### HMI FOR ME

Smart-State-of-the-Art-Man-Machine-Interface. Or short: Great display.

### APP AND GO

View your driving data: Battery status, range, location determination, system check, data transfer to the help desk.
